Description

Grandstream GXV3662 FHD IP Camera

The GXV3662 series are outdoor weatherproof IP dome cameras that are ideal for outdoor use in areas where weather conditions are a concern. The GXV3662 series models are built with a vandal-proof and tamper-proof casing which allows them to stand up to possible tampering in settings such as banks and retail stores. Featuring a variable focal lens that can be manually adjusted from 3.3mm to 12mm, the GXV3662 series can be used for any indoor or outdoor monitoring situation – whether it be monitoring an area in the distance or areas in close-proximity to the camera. Like all Grandstream IP Video Surveillance cameras, the GXV3672 series is OnVIF compliant and features built-in PoE.

- High quality 1.2 Megapixels or 3.1 Megapixels CMOS sensor and lens
- Advanced multi-streaming rate real-time H.264, Motion JPEG at 720p resolutions
- Alarm input & output, audio input & output
